

GIGA X8 Professional

PROFESSIONAL

The speedy professional coffee machine

The high-performance GIGA X8 Professional with its elegant finish comes with a unique speed function, allowing it to prepare perfect coffee in record time. The optimally extracted coffee is mixed with hot water inside the machine by means of an extra bypass. Absolutely no flavour is lost during the process. When coffee is overextracted, the finished product will contain a higher proportion of unpleasant acidic and bitter components. The speed function and time-saving, intuitive operation make the GIGA X8c Professional ideal for use in catering. A large water tank and coffee grounds container allow for flexible and mobile use.

Benefits

- Speed function thanks to additional hot water bypass
- 2 professional ceramic disc grinders
- Variable dual spout with 2 coffee spouts and 2 milk spouts
- GIGA Value Protection:
 - Validity: 25 months or 20,000 preparations
 - Includes two free inspections at the service partner's premises, after 9 and 18 months

Technical overview

JURA standards

Variable brewing unit, from 5 g to 16 g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.®)	■
Intelligent preheating	■
Active bean monitoring	■
Energy Save Mode (E.S.M.®)	2 levels
High-performance pump, 15 bar	3
Thermoblock heating system	3
