

1000S

PERFECT FOR  **50** COFFEES PER DAY.

The WMF 1000 is the perfect choice wherever you want to be able to serve up to 50 coffee specialties per day. Its slick styling, perfect finish and unsurpassed functionality are impressive.

The taste and the big range of coffee specialties will allow you to indulge your visitors and customers, and boost your staff motivation.

FEATURES INCLUDE

- WMF Zero-Energy-Function
- State of the art design
- WMF All-In-One professional spout
- 12 international coffee specialties
- Steam-Jet cup preheating
- WMF Perfect Coffee Extraction System
- Professional WMF technology
- Connect & Clean automated cleaning system

WMF Silence System - Noise reduction for a very quiet coffee brewing cycle.

The WMF 1000S utilises the same technology as the larger WMF Professional units, including the boiler and milk systems.

Outstanding Design - Satin stainless steel and matte black give the WMF 1000S a presence to compliment any modern office.

4 Eco Mode energy saving programs and the WMF Zero Energy Function makes the WMF 1000S a huge leap in front of the competition.

The WMF 1000S is more environmentally friendly with reduced energy consumption, fewer chemicals and almost entirely recyclable.

The WMF All-In-One spout allows for different cup sizes and two speciality coffees to be made at the same time.

The WMF 1000S now has a jug function for Cafe Cream. Makes from 2 to 8 Cups (1 Litre).

The WMF 1000S can create 12 different international coffee specialities at the press of a button.

WMF Individual taste - Individual settings for cup size and strength of the coffee.

WMF Office Functions - Settings for an easier operation in the office. Including optional 500gm coffee hopper.

The WMF 1000S features the Connect & Clean automated milk hose cleaning system.

WMF Australia have an Australia wide sales & service network with trained service engineers.
